Armenia intends to deepen cooperation with International Solar Alliance

ArmInfo. Deputy Minister of Territorial Administration and Infrastructure of Armenia Narek Apitonyan met with Ashish Khanna, Director General of the International Solar Alliance (ISA).

The meeting took place in Brussels as part of the 7th meeting of the Regional Committee for Europe and Other Countries.

During the meeting, Apitonyan presented the current state of solar energy development in Armenia and the challenges facing the industry. The parties emphasized the

importance of studying best practices in the implementation of energy storage systems.

PRESS RELEASE

ISA's Seventh Regional Committee Meeting for Europe and Others Region Advances Delivery-Focused Cooperation on Energy Security, Finance, Innovation and Solar Deployment

Held at a pivotal moment for the global energy transition, the meeting focused on strengthening electrification initiatives across countries, cooperation on energy security, climate action, resilient supply chains and large-scale solar deployment. Participants highlighted the Europe and Others Region's strengths in finance, technology, and innovation, as well as its role in supporting solar deployment across developing economies.
