

## ISA Academy - Vision

To democratize solar learning and knowledge-sharing globally - empowering individuals, institutions and nations to accelerate the solar transition.

## ISA Academy - Why?

ISA Academy, an initiative of the International Solar Alliance (ISA), is a transformative, AI-enabled Online and In-person learning and knowledge sharing hub that empowers individuals and institutions worldwide to access, create, and exchange solar knowledge-driving a global transition toward affordable, reliable, and sustainable solar energy.

## ISA Academy - How and What?

### ISA Academy
