

SolarX Startup Challenge: Latin America and the Caribbean Region 2025

SolarX Startup Challenge aims to crowdsource implementable, cost-effective, scalable and innovative solutions to some of the persistent challenges faced by the solar energy sector. The first edition of the challenge was focused on the African region, expanding to APAC (including India) in 2024. The aim is to promote innovation and discover local solutions, with the overarching objective of capacity-building of stakeholders across the globe. The next edition of the Challenge will focus on the LAC Region in 2025, with the aim of building the solar energy sector in the region along with promoting startup and innovation culture in the local ecosystems.

Benefits/Rewards

- ✓ Cash Grants 15,000 USD/winner
